

Dear colleagues and partners in scholarship,

Warm greetings from the Philippine Society of Otolaryngology–Head and Neck Surgery.

It is with great pride and deep appreciation that I extend my warmest congratulations to the Philippine Journal of Otolaryngology Head and Neck Surgery (PJOHNS) on the occasion of its Blue Sapphire Anniversary.

This milestone is not merely a celebration of years, but a testament to the journal's unwavering commitment to advancing knowledge and elevating the standards of our specialty. From its humble beginnings to its current stature, the PJOHNS has become a vital platform where the voice of Filipino ORL–HNS resonates both locally and globally.

We commend the journal's significant achievements—most notably its successful indexing in Scopus and EBSCO—which affirm the quality, relevance, and growing international recognition of our scientific contributions. These milestones reflect the dedication of its editors, reviewers, authors, and the entire academic community who have worked tirelessly to uphold excellence.

As we celebrate this Blue Sapphire Anniversary, we do so alongside the Platinum Year of the PSO–HNS—a year that symbolizes not only longevity but leadership, transformation, and global aspiration. In this shared moment of reflection and vision, we look forward to even greater heights for PJOHNS: indexing in PubMed Central, MEDLINE/PubMed, and SCIE/Web of Science—benchmarks that will further solidify our place in the international scientific landscape.

As we move forward in this Platinum Era, may we continue to champion research, uphold integrity, and strengthen our collective voice in advancing ORL–HNS.

Congratulations once again to the PJOHNS team. The future is bright and the journey continues.

Ang PSO–HNS matatag, malakas, mahal in natin!

Conrado Donato A. Pabico Jr., MD, FPSO-HNS
